## Report to Convention

### 2022

---

**PID Lion Phil Nathan MBE**

# Lions Clubs International

## MD105 British Isles

**Our Patron, HRH The Countess of Wessex GCVO, fully supports the Gift for Living project and encourages the family of Lions to continue to fund this very worthwhile programme of saving vulnerable mothers and their babies.**

### Trustees

- Phil Nathan MBE- *Grant Administrator - Chairman*
- MDO Linda Picton - *Correspondent Trustee - Treasurer*
- PDG John Bush - *Secretary*
- PCC David Firth
- PCC Geoff Leeder
- PCC Philip Goodier
- PDG David Seager
- Charity Reg. No: 1070418
- PCC Stewart Sherman-Kahn

\* Retired as a Trustee to avoid any conflict of interest following appointment as Chair of Trustees for MD105 Foundation.

We thank him for valued support and time given during his tenure as a Trustee.

### Grateful thanks

to PDG Tony Clarkson  
for the development  
and maintenance  
of our website,

and to  
PDG Paul Martin  
for continuing to collect  
foreign currency,  
both coins and notes  
[which can also be  
delivered to our National HQ]

## MD105 British Isles

A Gift for Living (GFL) Trust is Lions Clubs International-British Isles very own charity. GFL has been working successfully in the countries of the Balkans for 25 years following the series of violent conflicts that took place between 1991 and 2001. Thanks to the support given from Lions across the British Isles and Ireland, well-trained doctors and nurses are now successfully treating up to 500 babies and 400 children each year.

This project started to rebuild a devastated country, but it doesn't end there, much more needs to be done.

Due to the pandemic and global circumstances beyond all control projects have been more or less placed on hold. The impact of Covid-19 on charity work and people being served is immeasurable.

As previously reported, the Relaunch material was completed. There are 6 Roll-Up Banners in all (2 sets are available from MDHQ) shown in Appendix 1.

There are flyers also available from MDHQ to further promote the GFL project. Shown in appendix 2 and 3

Vision screening in Albania update -Appendix 4

Equipment Wish List – Appendix 5

I am pleased to report that The Charity 1070418 Lions Clubs International A Gift for Living, is now registered to claim Gift Aid on eligible donations.

The first ever virtual St Patrick's Day Event March 2021 proved to be great fun.

A second event in March 2022 was also popular and successful and again highlighted the plight of the pupils we are working to support in the school in Sarajevo. 200 children all with intellectual disabilities or special needs. Our thoughts were also with the refugees, displaced persons and everyone in Ukraine.

I am grateful to everyone who kindly donated on the day. The money raised is being used by the school to help to refurbish and repair the kitchen that has been condemned as being unfit for purpose (currently no hot food), try to imagine the effects this has where there are children with special needs, fleeing someone or something, all desperate for a chance of a better life in Western Europe. Local Lions Clubs have limited resources but are supporting where they can. Covid has been incredibly challenging to handle amongst these difficult areas.

Of course, the pandemic has had a significant impact on all projects.

Although nothing to do directly with A Gift for Living, LCIF and the MD105 Foundation both assisted the countries of Bosnia and Herzegovina and Serbia during the difficult Pandemic period, helping with funds to allow the Lions to disseminate PPE and sanitising equipment, during what were dire circumstances. These funds enabled the Lions of both countries to help their peoples.

### **Update -Dental equipment delivered**

I am pleased to advise that delivery of the long-awaited dental surgery for Vladimir Nazor Centar in Sarajevo has at last happened.(images below)

Refurbished dental equipment has been purchased at cost of £4,377,50 via Dentaaid through generous sponsorship and donations from some of our Clubs. An amount of £4950 was ringfenced for this dental surgery at end of June 2020. Shipping to Bosnia was eventually organised through Mission & Relief Logistics who specialise in shipments of this sort and are preferred agency for Dentaaid.

In these difficult times Covid restrictions continue to affect our progress but the surgery is now being completely redecorated before the installation of this equipment.

### **Update Refugee Crisis**

In 2021 there were an estimated 15,400 newly displaced individuals in Bosnia and Herzegovina fleeing someone or something, all desperate for a chance of a better life in Western Europe. Local Lions Clubs have limited resources but are supporting where they can. COVID has been incredibly challenging in these difficult areas.

**<https://youtu.be/PF1zwRp5gh4>**

### **Update Vision Screening.**

In November 2018 A Gift for Living helped to co-ordinate a vision screening project in Albania. The target agreed with the Albanian Government was for 6,000 screenings. A total of 7,200 people, both old and young were screened. Two young girls were identified as being in need of surgical procedures and your Charity enabled these to be successfully carried out in Novi Sad, Serbia one year later in November 2019. Life changing results for these two young girls. Lions and Leos from several countries played an important part in the success of these surgeries. Fundraising for this treatment took almost a year and came from many donations, as mentioned, the results of the treatment were life changing and consequently rewarding to all donors.

# Lions Clubs International

## MD105 British Isles

Early in 2022 vision screening was held at a school in Sarajevo with students aged 6 – 11 years. Parental consent was received to screen 93 students plus 20 teachers and parents. 12 students (approx. 12 – 13%) were referred for specialist testing by an optician.

One teacher was also referred, and we heard from the Principal the following week that severe blood circulation issues were found which would have resulted in total loss of vision. Following treatment, it was pronounced '**vision saved**'

ALL thanks to the vision camera screening project.

### **Update The Kitchen Project at The Vladimir Nazor Centar, Sarajevo Bosnia & Herzegovina**

The Vladimir Nazor Centar, Sarajevo Bosnia & Herzegovina is a centre for learning and rehabilitation, providing education and developing skills for life for 200+ students many with challenging physical and learning disabilities. The reconstruction work and new upgraded equipment for the school kitchen will provide a safe environment and protect the health of the students by providing safe food and encourage healthy eating habits.

#### **Reasons why this Kitchen project was crucial**

The current Kitchen does not fulfil the basic hygiene standards. There have been no changes or renovations to the kitchen for 25 years and due to the extremely bad condition has been condemned as not fit for use until complete reconstruction and refitting can be achieved. Currently NO hot food provision is available. All work carried out will need to be certified by local authority inspectors at each stage to certify that the kitchen meets current standards for provision of food at this establishment.

#### **1. Project Strategy and plan of action**

The project to reconstruct and equip a safe and usable kitchen for the students of the Centre consists of several stages that are interconnected. Estimated 6 months to full completion. For the successful implementation of the project all stages will be carried out according to the anticipated plan of work and budget plan.

The estimated total project cost is £45,000 and local Lions in Sarajevo have received an LCIF Grant for 75% (£30,000). A Gift for Living will be helping with raising funds to complete this project.

### **Stage 1: Reconstruction**

The time period anticipated for the implementation of this part of the project is three (3) months and can be scheduled during school term breaks.

### **Stage 2: Equipment**

Replacement of kitchen fixtures, fittings and appliances that are of a recognised standard and appropriate for use in a school environment (commercial) kitchen. Anticipated time period is one (1) month.

### **Stage 3: Implementation and Certification of HACCP**

To obtain HACCP certification of the kitchen and all kitchen staff a recognised HACCP training programme will be followed with regular refresher courses to ensure that standards are continually met. Anticipated time scale one (1) month.

**A Gift for Living**, is now looking to raise £12,000 towards new kitchen equipment and has a wish list.

If your club is able to make a contribution towards this part of the project, please make donations via District Treasurer in the normal way endorsed 'A Gift for Living'.

Wish list to provide equipment – see Appendix 5

With your help and support we can continue with the work we have started

**– THANK YOU.**

## MD105 British Isles

### Appendix 1: Roller Banners 1 & 2

**LIONS CLUBS INTERNATIONAL**  
**GIFT FOR LIVING**

The Yugoslav Wars were a series of violent conflicts in the territory of the former Socialist Federal Republic of Yugoslavia that took place between 1991 and 2001.

During that period a savage civil war raged in Bosnia and Herzegovina, which tore the heart out of that beautiful area of Europe. Even before the sound of gunfire died down your charity was in there, bringing out babies and taking the first steps to help rebuild the medical infrastructure of this stricken society. Time passed, a kind of peace descended, and the local people began the heartbreaking task of picking up the wreckage of their lives. The medical infrastructure of the area had more or less been destroyed, with hospitals damaged beyond repair and doctors and nurses unable to train and work.

The Lions Clubs International A Gift for Living Trust is 'our' charity and has been working successfully in the countries of the Balkans for 25 years. Its work started towards the end of what are now referred to as the Yugoslav Wars.

*Our Patron, HRH The Countess of Wessex GCVO, fully supports the Gift for Living Project and encourages the family of Lions to continue to fund this very worthwhile programme of saving vulnerable mothers and their babies.*

Lions Clubs International A Gift for Living Charity Reg. No. 1020418

**LIONS CLUBS INTERNATIONAL**  
**GIFT FOR LIVING**

As ever in human conflicts, the most innocent bore the brunt; babies and small children were dying from lack of specialised care. 41 critically ill small children who would otherwise have had no hope of survival were snatched out of danger and 'medi-vacced' to hospitals in our Multiple District where they were able to receive life-saving care. Just two of those infants lost the battle - two too many.

Most of the children - and in some cases the relatives who travelled with them stayed with Lions' families to convalesce. As soon as was humanly possible the charity, under the leadership of PID Phil Nathan, began working directly in the war zone, extending its activities by arranging for doctors and nurses from England, Ireland and elsewhere, all volunteers donating their own time to go to Bosnia and help train and re-train the local demoralised medical workforce, befriending and encouraging.

Work began in **MOSTAR** - a divided city with two separate hospitals, one in the east, one in the west - and then moved on to **SARAJEVO**, where the former modern and well-equipped hospital had been reduced to a bombed out shell. In 2001 in a partnership between Lions and ALSG Manchester, the APLS (Advanced Paediatric Life Support) course was established. **Thanks to the Lions of the Multiple District, well trained doctors and nurses are now successfully treating 400 to 500 babies and 300 to 400 children per year. A remarkable service given on behalf of and thanks to the support of the Lions of the British Isles. But, it doesn't end there, there is still much that needs to be done.**

## Current Projects

**SARAJEVO** – Repair of kitchens and equipment at a facility that helps those with intellectual disabilities. This is a facility that houses 200 children with various levels of intellectual disability in a building that is outdated, very cold, and desperately in need of support. The Government has recently condemned the kitchen as being unfit for purpose, no food can now be prepared as it is in need of complete refurbishment.

**SARAJEVO** - Provision of dental equipment to a school for children with intellectual disabilities. 300 children needing dentistry and the dentist chair has not worked for 4 years. The only treatment that has been available is if an "extraction" is required. The government have promised to allocate a dentist but there is no working equipment! Lion Jarvis MacDonald, (District Governor 105SC, 2019-2020), has generously sponsored the cost of purchasing a reconditioned chair and tools and to undertake delivery to Sarajevo. The British Embassy in Sarajevo has kindly offered to assist with customs entry. Ongoing support to dentists, technicians and dental nurses has now been arranged through a team of UK volunteer dental professionals from Sheffield Teaching Hospitals NHS Foundation Trust which is led by the Consultant who was the Dental Clinical Director to Special Olympics GB for the Sheffield games.

**GYNAECOLOGICAL BEDS**  
Our aim is to raise £75,000 and apply for a matching LCIF Grant in order that we can give dignity and hope to women to enable them to receive gynaecological procedures in a safe way using state of the art theatre equipment like this.

## Current Projects

**REFUGEES**  
Bosnia and Herzegovina and Serbia are countries rebuilding after the ravages of war. There are an estimated 23,000 individuals in Bosnia and Herzegovina all of whom are fleeing someone or something and all of whom are desperate for a chance of a better life, in Western Europe. More are expected to arrive in the Spring. The Lions Clubs in Bosnia and Herzegovina are doing what they can to support the refugees but have limited resources themselves. Winter is bitterly cold and refugees are dying on the streets.

**SLEEP PODS**  
Provision of insulated 'Sleep pods' for the refugees for shelter.

**MIGRANTS ENTERING THE EU ILLEGALLY IN 2014-15**

Thanks to the help of the Lions of the British Isles and the support from Lions Clubs International Foundation, much has already been done over the last 25 years. This project started to rebuild a devastated Country, but, it doesn't end there, there is still a lot more that needs to be done. Please let us continue with the work we have started.

## Your Gift for Living Project needs your foreign notes and coins ...

Have you returned from holiday with unwanted currency, or got old foreign coins and notes hidden away in the back of a drawer?

Only a few of us ever change the money back into sterling. The rest stackpile it at home, in all probability that the cash will be forgotten. If you arrive home with coins and notes you could afford to donate, then please send them to MD105 where they will be collated and forwarded to a specialist dealer.

**ALL PROCEEDS WILL GO TO GIFT FOR LIVING.**

We can accept any currency, including UK coinage and notes and even defunct pre-euro currencies such as old Spanish pesetas or Greek drachmas.

You can download a foreign currency recycling poster from the Gift for Living website to arrange a collection at your local school, college, church or workplace.

And, if you manage to collect coinage weighing over 8kg, that is about five mugs full, we can arrange to collect it from you. Contact MD105 on Tel: 0345 833 9502 or Email: [md105@lionsclubs.co.uk](mailto:md105@lionsclubs.co.uk)

Thanks to the Lions of the Multiple District, well trained doctors and nurses are now successfully treating 400 to 500 babies and 300 to 400 children per year. A remarkable service given on behalf of and thanks to the support of the Lions of the British Isles. But, it doesn't end there, there is still much that needs to be done.

### Most Recent Projects

In November 2018, A Gift for Living co-ordinated a vision screening project in Albania. 34 Technicians and 15 Sight Doctors travelled from California at their own cost.

The target agreed with the Albanian Government was for 6,000 eye screenings. People came from everywhere. The queues did not stop, they started at 6.30am and finished at dusk, ultimately 7,200 people, both old and young were screened.

The screenings identified two young girls as having strabismus, a condition that could not be corrected by spectacles alone and would require an operation to correct. In November 2019 after several months of discussion notification came that the operations could be carried out. The girls, their mothers and an interpreter travelled from Tirana, Albania to Novi Sad, Serbia.

This was an excellent example of European Lions working together, funding was provided by Lions in MD105 British Isles and D133 Ireland, but could not have been achieved without the support of the Lions and Leos of Serbia.

### Appendix 3: Promotional Flyer for collection of foreign coins

A tidy sum of currencies from everywhere including Sterling. Our thanks to PDG Paul Martin who is continues to support the collection for centralising collection via places such as MDHQ.

Although there has been little or probably no travelling, it is worth asking the public to check their drawers for coins brought home that will never be used.

We are looking to work with a business that supportsthe exchange back to Sterling for Gift for Living

### Appendix 4: Vision Screening in Albania

In November 2018, A Gift for Living co-ordinated a vision screening project in Albania. 34 Technicians and 15 Sight Doctors travelled from California at their own cost.

The target agreed with the Albanian Government was for 6,000 eye screenings. Ultimately 7,200 people, both old and young were screened.

The screenings identified two young girls 6-year-old Ajlina and 8 year old Paula as having strabismus, a condition that could not be corrected by spectacles alone and would require an operation to correct. In November 2019 after several months of discussion notification came that the operations could be carried out. The girls, their mothers and an interpreter travelled from Tirana, Albania to Novi Sad, Serbia.

This was an excellent example of European Lions working together, funding was provided by Lions in MD105 British Isles and D133 Ireland but could not have been achieved without the support of the Lions and Leos of Serbia.
