**Report No: E.2**  
**Gift for Living**  
**PID Lion Phil Nathan MBE**

**Action Taken Since Last Report-important updates**

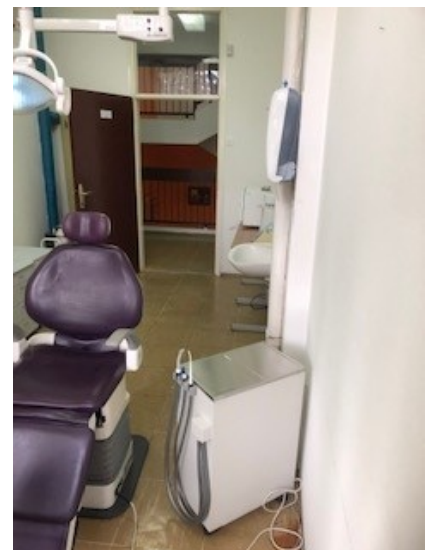

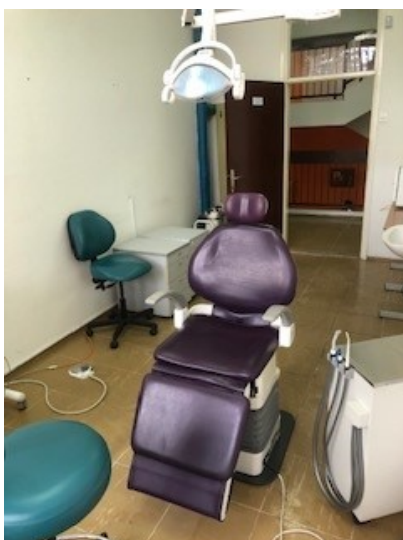

I returned to visit the centre in November 2022 and had a meeting with the director and senior staff of the Vladimir Nazor Centre. Images of my visit are shown below.

Situated in Sarajevo Bosnia & Herzegovina the centre is for the learning and rehabilitation, for 300+ students many with challenging physical and learning disabilities, providing education and developing skills for life. The reconstruction work and new upgraded equipment for the school kitchen will provide a safe environment and protect the health of the students by providing safe food and encourage healthy eating habits.

For more than 5 years there had been provision for oral hygiene or dental health. All the dental equipment has now arrived and is all set up as you can see. The school is in negotiation with the dental University to find a dentist to work at the Centre as sadly the Government has withdrawn its promise to support. I would like to acknowledge the personal donation of PDG Lion Jarvis MacDonald which enabled the purchase of the unit supplied by DentaId

**Here you can see the much needed dental equipment in place. Even the local community come together to paint the outside of the school.**

Whilst visiting the centre in November it was clear that technology was needed. The gentleman visible in the images below (with the beard) is the head of IT at the school. He reported that both children and staff were desperate for computer equipment.

A computerised white board would make a tremendous difference to both teaching and learning. Armin Algic knew that one of his friends, who has a local business specialising in the refurbishment of technological equipment, was nearby to the school. He has supplied Gift for Living on a number of occasions with refurbished laptops for use with the blind in two major cities of Bosnia when software was added to laptops which enabled blind or visually impaired children to join the world of technology. Our visit proved to be an amazing coincidence and turned out to be an opportunity not to be missed. The visit to the local business astounded me as he had just purchased 7 computerised white boards (even more astounding was there are seven classrooms needing some form of equipment)). The German Government had seized equipment from a company that they had closed, the equipment included 7 large whiteboards as you can see below and 25 laptops which they were willing to sell at hugely discounted prices. We negotiated and agreed the final price for the equipment.

As you can see from the images the equipment funded by GFL is now in place at the school and everyone is benefiting from its installment.

Yet again something that GFL has achieved with your help.

Some of the IT equipment has had a huge impact on those children with severe disabilities who can only lie on the floor at home and using the new laptops can now look at the images on screen via the new computer equipment.

**We have enabled inclusion even for those with severe disabilities**

Expense: 2 Calculated at 350 BAM + tax		<p>External Audit 2 days 819.00</p> <p>HACCP Certificate 936.00</p> <p>Total 1,755.00</p>				
Expense: 3 Calculated 140m/2 x 500 BAM + tax		<p>Kitchen reconstruction Electricity, water, sewerage tiling and other works) 81,900.00</p> <p>Total 81,900.00</p>				
		Cooking and dining area equipment fixtures and fittings 40,950.00				
<p><b>Note:</b> Tax chargeable at 17% included in equipment costs. HACCP (Hazard Access Critical Control Point) Association for Promotion of Safe Food conducts inspections for all public use premises including schools. Without certification and evidence that statutory standards have been achieved, the kitchen cannot be used. These are one-off costs associated with recommissioning the kitchen.</p>						

## Why GFL is supporting this project

This charitable initiative focuses on the needs of children and their families who suffered as a result of the international conflict in the former Yugoslavia. LCI A gift for Living (Registered Charity 1010418) was established in 1996 after a convoy of lorries from UK took 100,000 shoe boxes filled with necessities and small luxuries to stricken communities in Croatia.

A Gift for Living has facilitated medical treatment and paediatric training saving the lives of many unfortunate children. A Gift for Living helped to co-ordinate a vision screening project in Albania. The target agreed with the Albanian Government was for 6,000 screenings. A total of 7,200 people, both old and young were screened. Two young girls were identified as being in need of surgical procedures and your Charity enabled these to be successfully carried out in Novi Sad, Serbia. One year later in November 2019. Life changing results for these two young girls. Lions and Leos from several countries played an important part in the success of these surgeries. Fund raising for this treatment took almost a year and came from many donations, as mentioned, the results of the treatment were life changing and consequently rewarding to all donors.

We are eternally grateful to the work of Professor Vladimir Canadanovic who performed the surgery and I was pleased to present him recently with a Melvin Jones Award for all the work he has undertaken

We have been involved with establishing new local Lions Clubs who already and will continue to successfully support the needs of the local communities.

Lions in MD105 remain actively involved and will offer guidance and leadership opportunities for these emerging clubs. LCI A Gift for Living will pursue opportunities for Lions in MD105 to continue to offer friendship and support for those in need.

Vital equipment has been provided for classrooms (computers) workshops (candle making equipment) and ceramics. Students learn valuable life skills and items can be sold for a modest sum to further ensure the viability of the projects.

LCI A Gift for Living has installed vital dental equipment. Reconditioned good quality surgery equipment has been shipped to Sarajevo with sponsorship and donations from Lions in MD105 in conjunction with Dentaaid (UK specialist charity). Students have had no provision for oral hygiene or dental health for over 5 years.

**Your donations are still vital and any Clubs wishing to donate to this project can do so and they can liaise directly with myself or via Lions National HQ in Birmingham.**

**Attached at Appendix 1 is the 'shopping list' of what will be**

## Foreign Coins

The request for foreign coins to be collected and donated continues and we now have an outlet to convert foreign and old coins into donations for this appeal. This has proved an excellent example of the synergy between two projects as one of the traders who assist with precious metals in the spectacle collection has volunteered to assist with the coin conversion into valuable donations to help fund this project. We have successfully converted the old coins and money has been banked into the Gift for Living Account to help with the much needed funds. Please continue to send or take your coins to our National Headquarters -Birmingham and our team there will oversee the collection and conversion of coinage and notes. If you are attending MD Convention Newcastle we shall have a collecting box at the supplies stall.

The Trustees will be talking soon about another fundraiser for Gift for Living regarding recycling, more to follow.....

**LIONS CLUBS INTERNATIONAL**  
**GIFT FOR LIVING**

Thanks to the help of the Lions of the British Isles and the support from Lions Clubs International Foundation, much has already been done over the last 25 years. This project started to rebuild a devastated Country, but, it doesn't and there, there is still a lot more that needs to be done. Please let us continue with the work we have started.

**Your Gift for Living Project needs your foreign notes and coins...**

Have you returned from holiday with unwanted currency, or got old foreign coins and notes hidden away in the back of a drawer?

Drop a few of us and change the money back into sterling. The next time you're home, it's all probability that the cash will be forgotten. If you have some old coins and notes you could find it difficult to place, send them to us before we they will be collected and donated to a good cause.

**ALL PROCEEDS WILL GO TO GIFT FOR LIVING.**

We accept any currency, including UK postage stamps and even different pre-war currencies such as old Spanish pesetas or Greek drachmas.

You can download a foreign coin and note recycling pack for the Gift for Living website, featuring a collection of your local school, college, church or workplace.

And if you manage to collect old age, wedding and 50p, that's about five or six 10p notes, please to collect it, bring it to the MDHQ on 10th June 2017 or email [mdhq@lionsclubs.org.uk](mailto:mdhq@lionsclubs.org.uk)

## Gift for Living and Amazon Smile

**Please think about selecting A Gift for Living as your charity of choice when shopping on line.**

**The charity will automatically and at no additional cost to you, receive a small percentage every time you shop.**

**Thank you**

So there we are...  
we continue, and the question is will your Clubs help your  
Charity ?

A Gift for Living has been  
your handson Charity  
for 26 years

Still much to do, but it's  
in your hands.

**Will your Clubs help?**

**Together We Can**
